Batteries

To ensure your gadgets are always powered, look no further than Verbatim's reliable and long lasting alkaline batteries. Up to four times more powerful than zinc carbon batteries, Verbatim batteries have a higher density and use a thinner "can" to maximize the space for active components to increase output power.

Rechargeable

Look after your wallet and the planet with our rechargeable premium batteries that can recharge more than 1000 times. Ideal for energy hungry electronics devices such as powerful toys and computing devices. Combined with our compact AA/AAA battery charger, you can be back up and running within no time. All Verbatim batteries are mercury and cadmium free.
